Special Edition. Special Opportunity.

Introducing the 2002 Subaru Legacy L Special Edition. It's a very good thing that just got better. The Legacy L is a unique vehicle that combines fine European styling with the added traction, control and safety of Subaru full-time All-Wheel Drive. A Special Edition Sedan and Wagon will be produced in a limited quantity, just for Canada, offering a wealth of additional features.

In addition to this value-added package, the 2002 Legacy L Special Edition enjoys a stellar reputation for safety already established by the Legacy family of vehicles. In fact, in frontal crash testing by the Insurance Institute for Highway Safety, not only did the Legacy receive the highest rating possible, it was also singled out as a "best pick."

Of course, Subaru follows the premise that the very best way to survive any collision is to avoid it in the first place. So like every Subaru, each 2002 Legacy L Special Edition Sedan and Wagon is designed with Subaru full-time All-Wheel Drive at its core. It's a system that constantly monitors the road, instantly balancing power from the set of wheels that slip to the wheels that grip. So whether you're driving on a winding highway, a dirt road or through the middle of a snowstorm, you have the traction and control you need to stay on course and avoid accidents.

Ask your Subaru Dealer about the 2002 Subaru Legacy L Special Edition Sedan or Wagon today. It's an exceptional value on an already exceptional vehicle.
