

All Line 2006

Think. Feel. Drive.

Every Subaru built for the road shares the same unique combination of control, agility and reliability demonstrated in our renowned FIA World Rally Championship (WRC) cars. What truly takes the experience of driving a Subaru beyond that of any other car is the philosophy behind our engineering and design – *Think. Feel. Drive.* This philosophy is based on how we *think* about your desires and needs. It's about the passion and excitement you *feel* from the moment you turn the ignition key. Finally, it's about *driving* ourselves to reach new frontiers and helping you do the same.

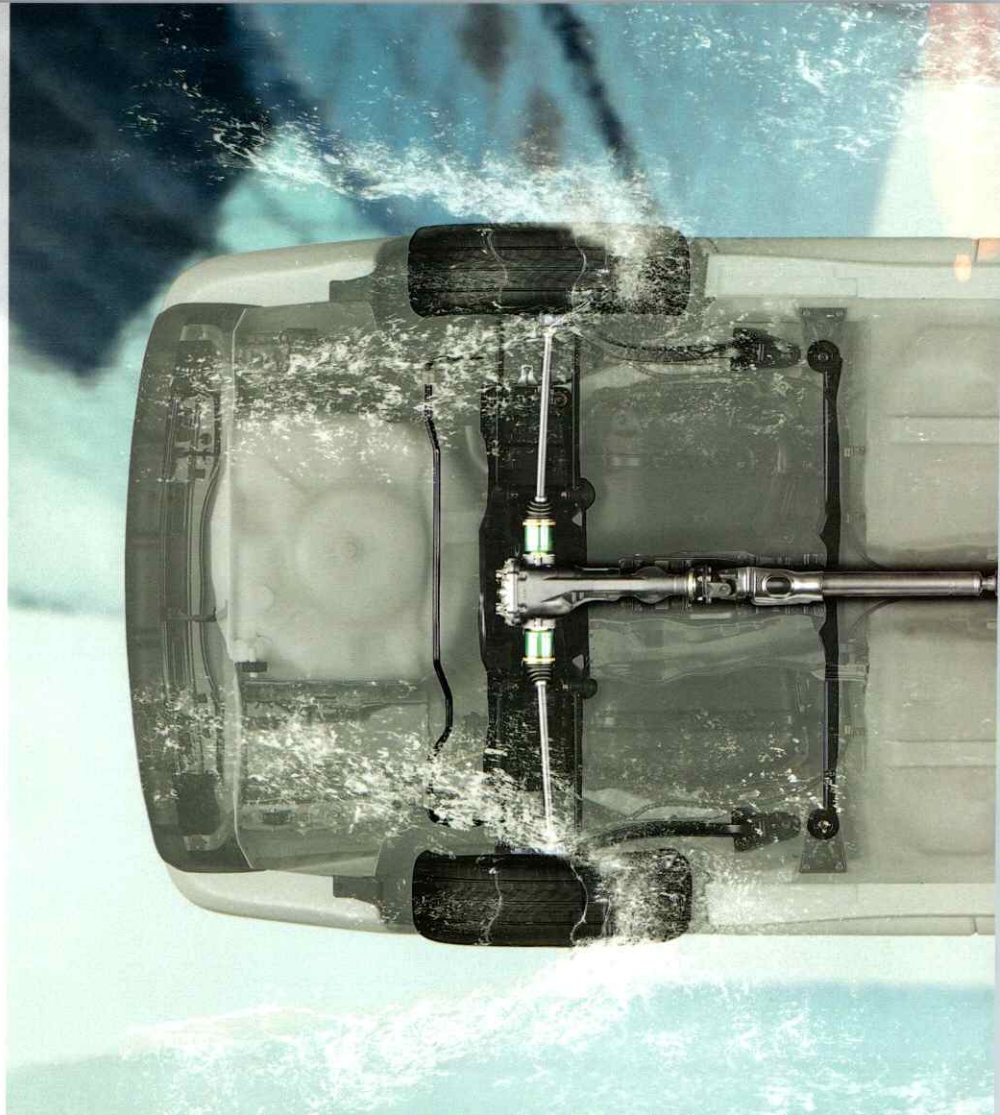

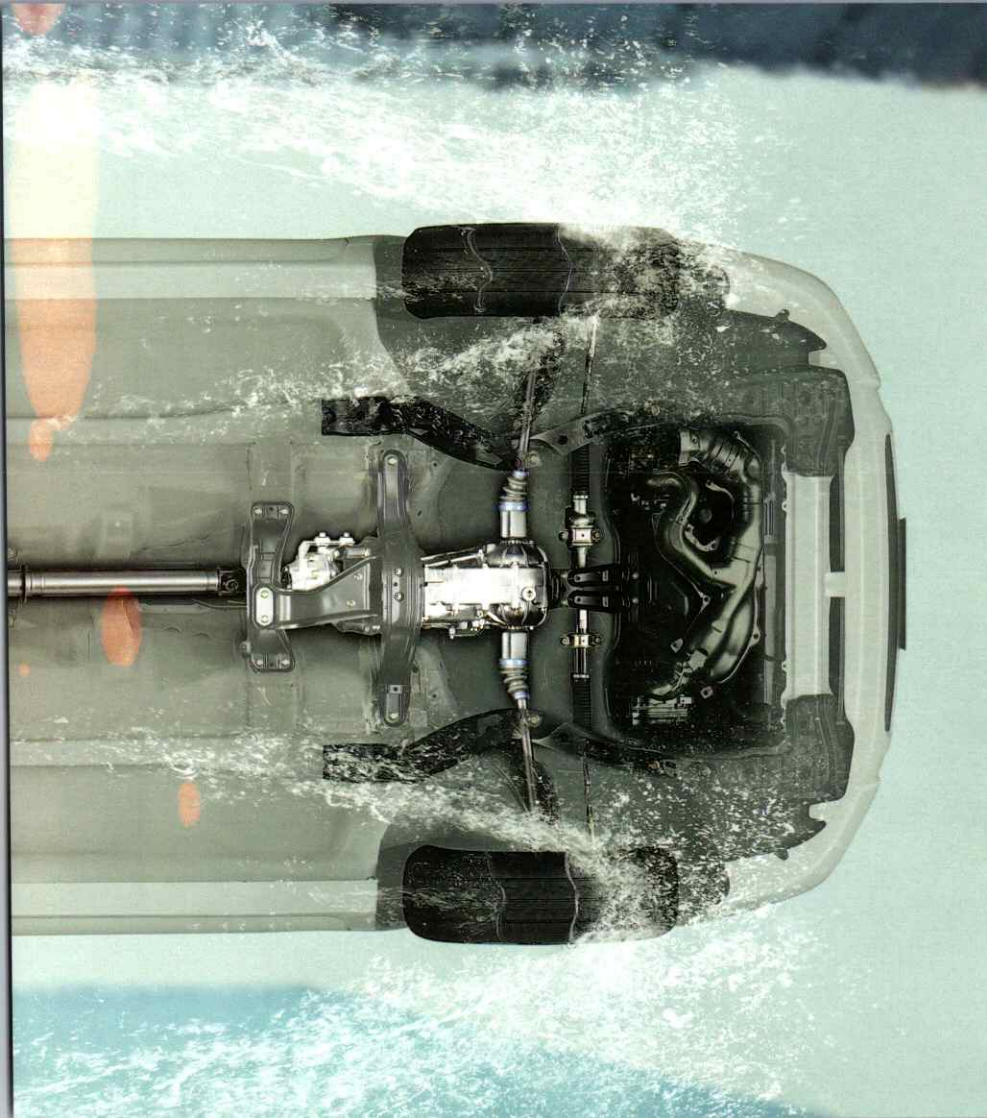

SYMMETRICAL **AWD**

Tame the road. Exhilarate your senses.

Subaru's world-renowned symmetrical full-time All-Wheel Drive system is the essence of our vehicles' breathtaking performance potential and outstanding safety record. It is the crowning achievement of over 30 years of research based on two fundamental goals – connecting you, the driver, with the vehicle and the road ahead, while keeping you safe.

Its symmetrical design strategically houses the engine, transmission, transfer case and differentials along the centreline of the vehicle. At its heart lies the compact, ultra-lightweight SUBARU BOXER engine, whose horizontally-opposed pistons and low position within the chassis provide a lower centre of gravity and unparalleled smoothness, efficiency and balance. Complemented by a full-time AWD transmission

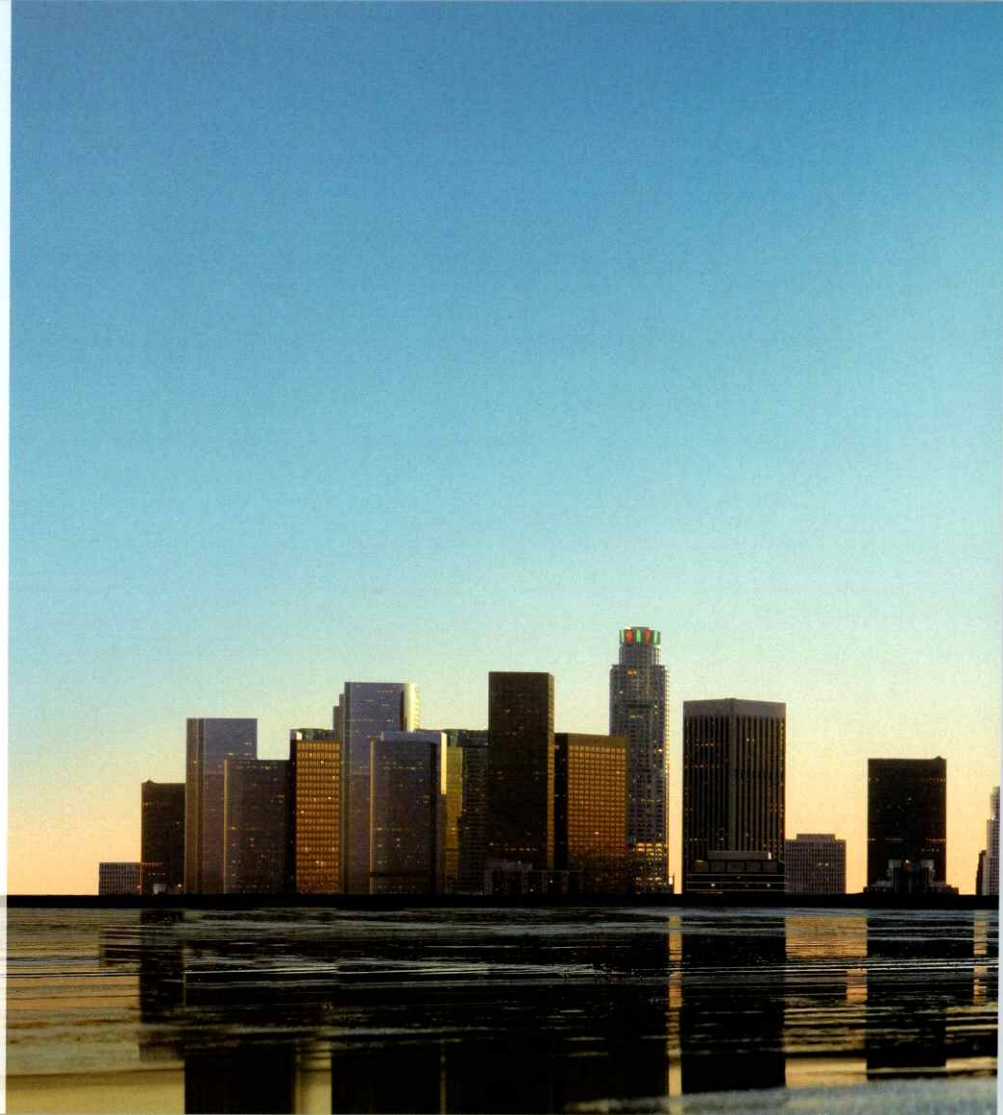

capable of delivering linear, controllable power to all four wheels, and a sophisticated long-travel suspension, the Subaru symmetrical full-time AWD system ensures superior traction and unprecedented poise and stability in virtually any road and weather conditions. Brought together in perfect harmony and placed at your fingertips by the brilliance of our engineers, Subaru's symmetrical full-time AWD system puts you – the driver – in total control.

Herein lies our conviction that true safety starts with the ability to avoid accidents before they happen – this is why we have spent over 30 years refining our superior AWD systems. In combination with Subaru's advanced passive safety features including an exceptional ring-shaped reinforced frame, the safety standards set by Subaru simply constitute a class of their own.

SUBARU **B9** TRIBECA

SUV: redefined.

Behold the all-new 2006 Subaru B9 Tribeca – a true benchmark for the entire Sport Utility Vehicle class. Its trend-setting design that pays homage to Subaru's aerospace heritage is evident in its stylish lines and beautifully crafted, luxuriously appointed interior. Powered by a 3.0 L, 250 hp, 6-cylinder SUBARU BOXER engine and built with one of Subaru's most advanced symmetrical full-time AWD systems, it is capable of performance that is simply unparalleled in its class. At the same time, its available five-plus-two seating and superior safety features provide the convenience and reassurance that your family needs. The Subaru B9 Tribeca is a breathtaking combination of performance, versatility and luxury that will forever change your perception of what an SUV can be.

FORESTER

The way you live.

Going places? Let us introduce you to the exceptionally versatile 2006 Subaru Forester, which perfectly complements the busy lifestyle of a modern family. With a beautifully refreshed design and class-leading safety features that put you and your family's safety at the forefront, this vehicle is truly a fun, safe and practical combination. It also features the Subaru symmetrical full-time AWD system, and is powered by a 173 hp SUBARU BOXER engine or an available 230 hp turbocharged version. Offering the versatility and boldness of an SUV, the sophistication and efficiency of a sedan and the exceptional driving dynamics inherent to all Subaru vehicles, the 2006 Forester covers all the bases. For work or play, errands or expeditions, near or far – indulge in the road ahead.

IMPREZA

Sedan

Performance incarnate.

Boasting a new, dramatic, aerospace-inspired design, the 2006 Subaru Impreza Sedan will once again ignite the senses of its fanatics and new Subaru drivers alike. With a more powerful SUBARU BOXER engine at its heart, the precision and assurance of Subaru symmetrical full-time AWD and a high-performance, sport-tuned suspension, it possesses the rally edge that those truly passionate about driving cannot get enough of. Impreza's awe-inspiring performance and class-leading safety solutions are even more pronounced in the 2006 Impreza WRX, which now features a larger, 2.5 L, 230 hp turbocharged SUBARU BOXER engine boasting substantially improved low-end torque. You only have to drive it once to see what the obsession is all about.

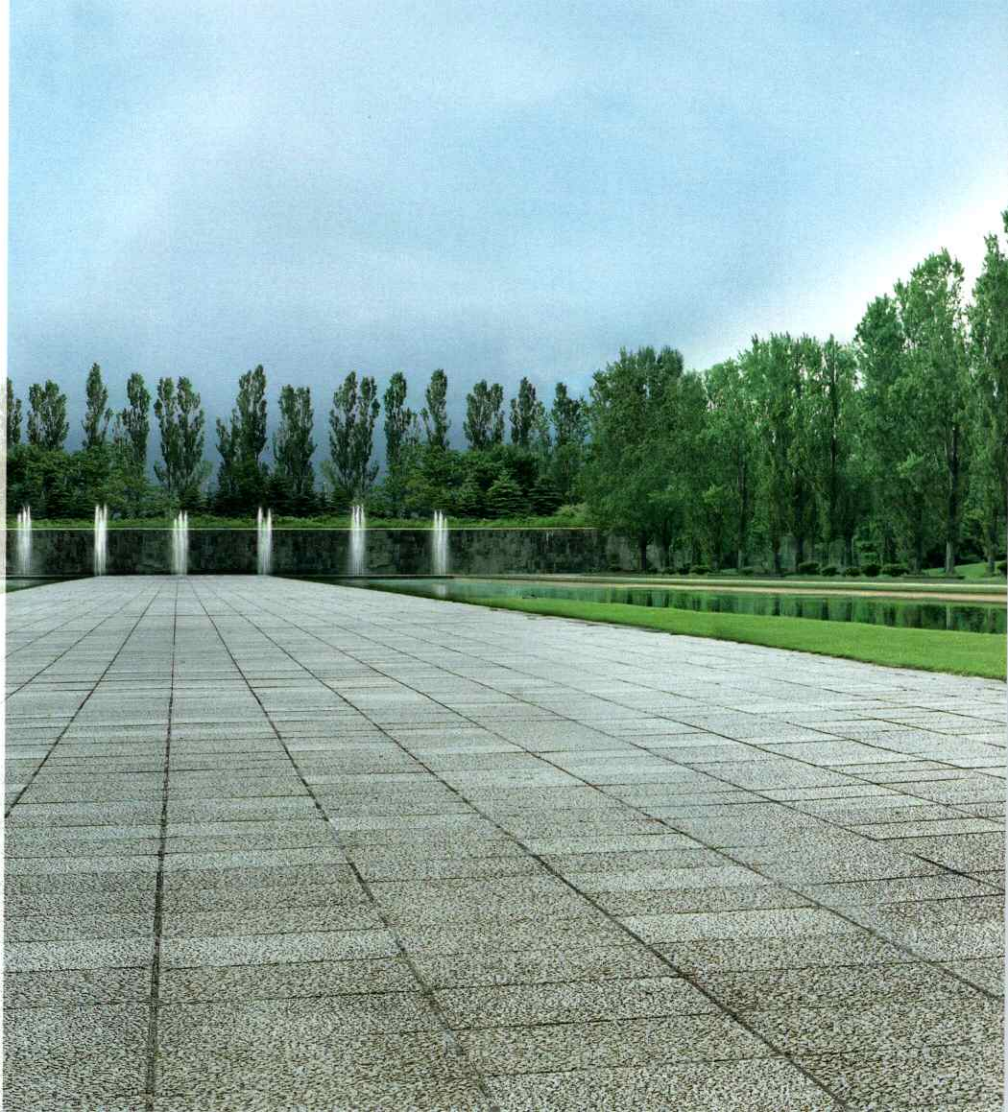

IMPREZA

Sport Wagon

Expect the unexpected.

The 2006 Subaru Impreza Sport Wagon combines all the safety features and performance capabilities synonymous with our entire Impreza line with the practicality inherent to a sport wagon. Clad in a stunning new design and equipped with 60/40-split, flat-folding rear seats, roof rails, a hatch and extra rear cargo space, it screams versatility and fun. Never willing to compromise what has become the trademark of the Impreza, we equipped it with the Subaru symmetrical full-time AWD system and a more powerful SUBARU BOXER engine. Be it the 173 hp 2.5i or Outback Sport, or the 230 hp turbocharged WRX with 235 lb-ft of torque – these sport wagons deliver a lot more than you think.

WRX STI

Not for the faint of heart.

The performance capabilities of the 2006 Subaru Impreza WRX STI truly border on the astonishing. Its essence lies in the 300 hp, turbocharged, 2.5 L SUBARU BOXER engine that puts 300 lb-ft of torque at your disposal. You can unleash it upon the road through a revised, state-of-the-art symmetrical full-time All-Wheel Drive system with an enhanced Driver Controlled Centre Differential (DCCD). The Impreza WRX STI's groundbreaking performance potential and the authority with which it conquers any road are also reflected in its new, stunning exterior design. With enhanced aerodynamic attributes and class-leading safety, this is the ultimate on-road Subaru and the definitive incarnation of Subaru's rally heritage.

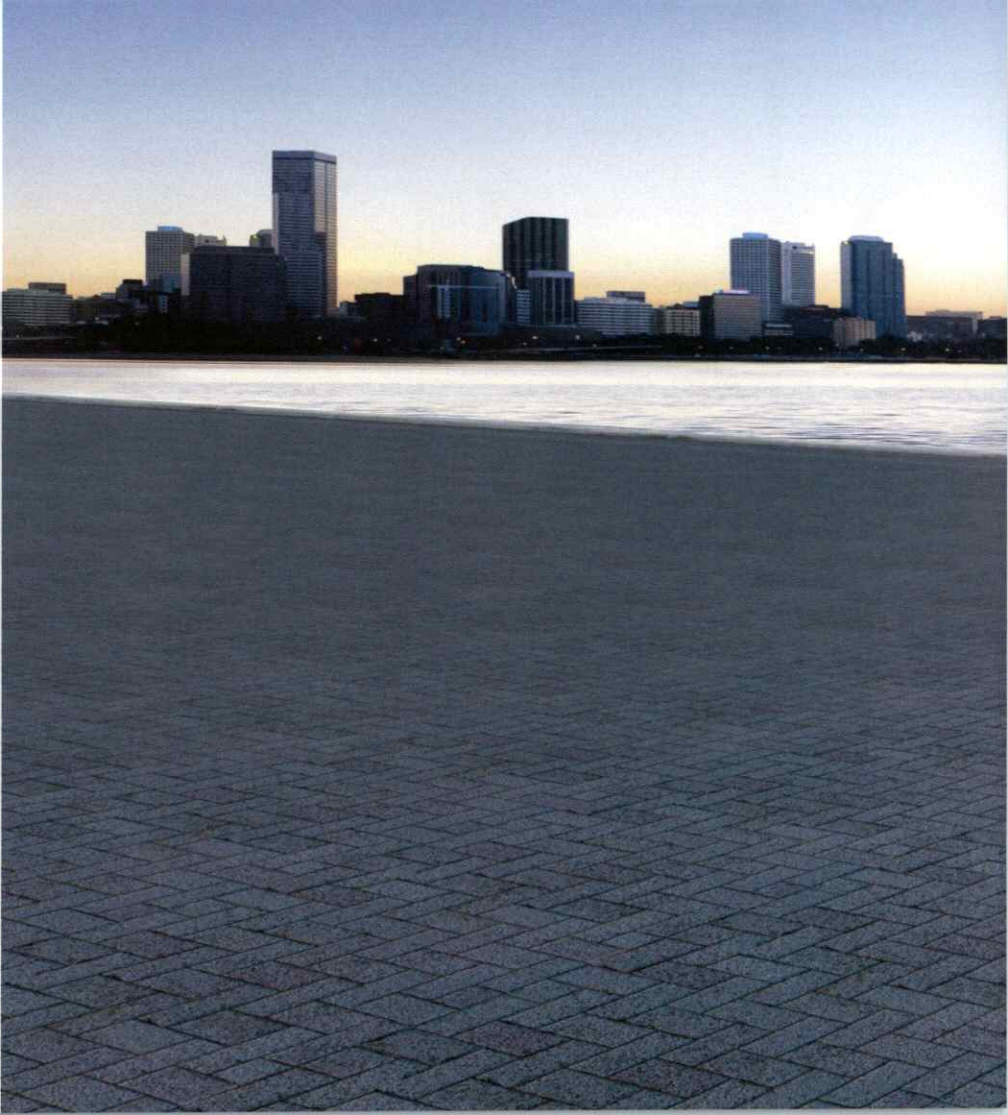

LEGACY

Sedan

Discover yourself in it.

Looking at the 2006 Subaru Legacy's proud profile can be absolutely mesmerizing. Designed and engineered to combine sophisticated styling with world-class performance, and dedicated to those who drive to appease their senses, it stands in a class of its own. It is superbly equipped, even at the base level – it features the impeccable Subaru symmetrical full-time All-Wheel Drive system, the powerful SUBARU BOXER engine, heated front seats and six airbags. The Legacy Sedan also offers the availability of a 250 hp, turbocharged, SUBARU BOXER engine, leather upholstery, moonroof and a premium audio system for a variety of tastes. Reliable, luxurious, graceful and featuring class-leading safety technology, it will let you conquer even the most intricate intersections of the urban maze and rekindle your passion for the open road.

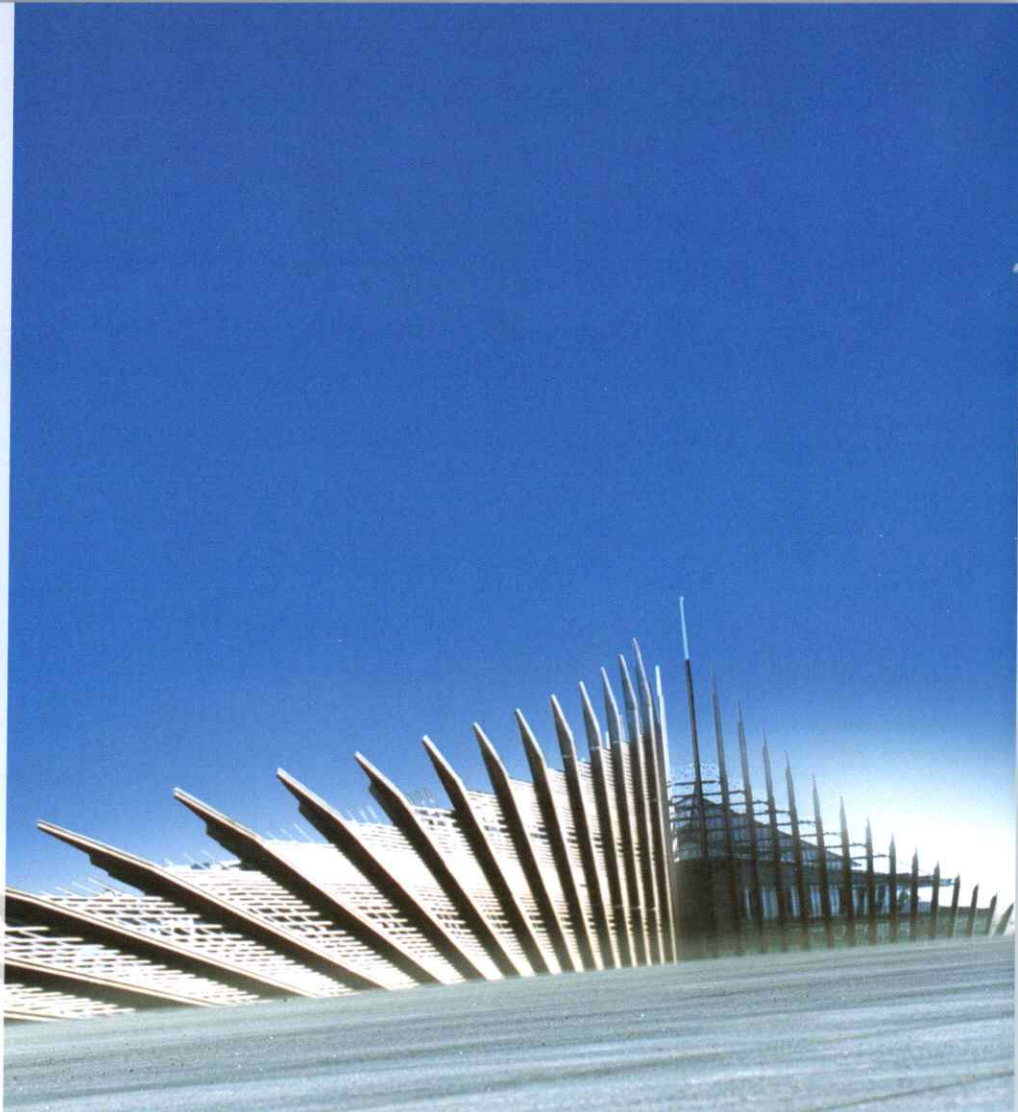

LEGACY

Wagon

Elegance has never been this versatile.

The 2006 Subaru Legacy Wagon is an astute combination of world-class performance, sophisticated styling and convenient versatility, for whenever you feel like getting away from it all. Engineered and designed for those truly passionate about driving, it also gives you the benefits of 60/40-split, flat-folding rear seats, low profile roof rails, a large cargo area and class-leading safety features. Regardless of which model you choose, the Legacy Wagon is splendidly equipped and is available with a turbocharged SUBARU BOXER engine, as well as a number of convenience features, such as a twin moonroof, leather upholstery and a premium audio system. Perpetually elegant and versatile, even when your time is of the essence.

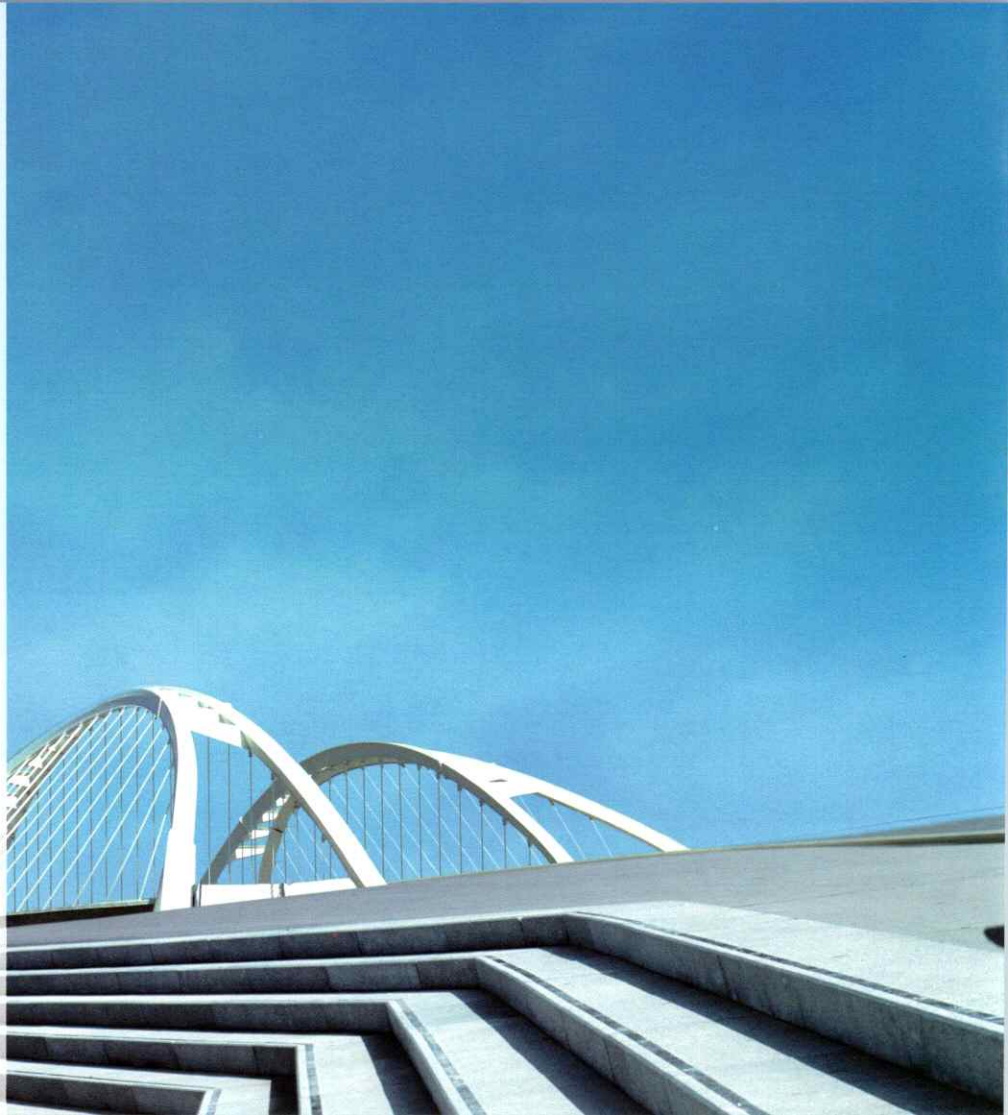

OUTBACK

Refined capability.

The 2006 Subaru Outback is the perfect companion for your active lifestyle. With the carrying capacity for all of your gear and equipment, class-leading safety features, the Subaru symmetrical full-time All-Wheel Drive system and a raised suspension for more rugged terrain, it thrives on adventure. It is available with one of three SUBARU BOXER engines: an impressive 175 hp, 2.5 L; a feisty 250 hp, turbocharged, 2.5 L; and a smooth, 6-cylinder, 250 hp, 3.0 L version. While its base model is fabulously equipped with many impressive features and a refreshing level of refinement, its top model also features Vehicle Dynamics Control (VDC) and a GPS navigation system. An undisputable crossover pioneer and a most trusted companion – for wherever your adventures take you.

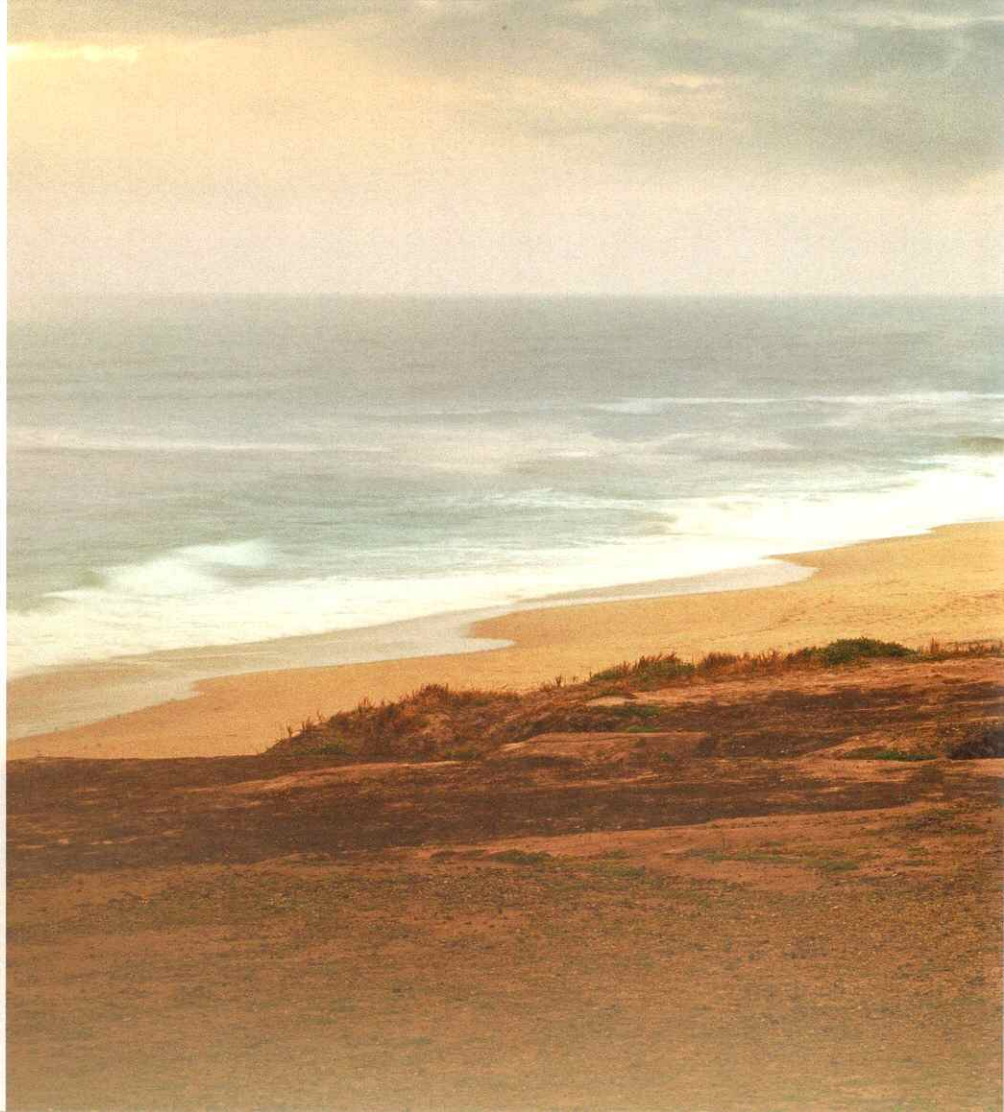

BAJA

All work. All play.

Truly unique, the 2006 Subaru Baja Sport combines the performance characteristics of a sedan with the carrying capacity of a small pickup. Featuring a 165 hp SUBARU BOXER engine, the Subaru symmetrical full-time All-Wheel Drive system, a sporty, all-road, heavy-duty, raised suspension and superb safety features, it will surely appreciate a good challenge as much as you do. Part truck, part sedan, Baja Sport offers the versatility you need, including a unique, Switchback[®] pass-through system extending the cargo bed into the rear cabin, handy roof rails, folding rear seats, and a fun-filled ride with plenty of comfort and style. Note to thrill-seekers: even getting there can be a rush.

SUBARU

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident. All illustrations, specifications, features and photographs contained in this brochure are based on product information available at the time of its printing, and may not be completely accurate following its publication. Colours shown may vary due to reproduction variations in the printing process, and some vehicle parts cannot be shown in certain photographs. Subaru Canada, Inc. reserves the right to discontinue or make changes at any time, without notice or incurring obligations, to colours, materials, equipment, accessories, features, specifications and models, or to change their prices. Some models shown may be from international markets and are not available in Canada, or they may be shown with equipment or accessories which are optional (at extra cost) or only available in certain combinations, or they may be subject to product delays or not be available in Canada. Please visit our Web site for the latest information and specifications. For complete details on product updates, warranties or the Subaru C.A.R.E. program, please contact your Subaru Dealer.
