MODEL OVERVIEW
2011 IMPREZA

2.5i Limited Package shown

- ❶ All Impreza models include roof-integrated crossbar mounts for improved versatility and easier crossbar installation.
- ❷ The character line running along the side of the Impreza rises as it moves to the rear - this imparts a sense of speed and movement even as the Impreza sits still.
- ❸ Like all Subaru vehicles, the Impreza is equipped with Subaru's advanced ring-shaped reinforcement frame, helping it earn the Top Safety Pick designation from the Insurance Institute for Highway Safety (IIHS).
- ❹ Projector beam hawk-eye headlights cast a bright light that effortlessly illuminates the road ahead.
- ❺ All Impreza 2.5i models incorporate Subaru's "Spread Wing" grille design, a design that echoes Subaru's aviation heritage.

- ❶ The Impreza's twin cockpit interior design allows for an improved sense of spaciousness and calls to mind Subaru's rally expertise, where the passenger is fundamental to the overall driving experience.
- ❷ Standard dual front airbags, seat-mounted side airbags, side curtain airbags and front seatbelt pre-tensioners illustrate that safety is not an option on any Subaru.
- ❸ An iPod® or USB device can be controlled directly through the audio system with the MediaHub, a feature standard on 2.5i Convenience Package and above.
- ❹ The 2.5i with Limited Package features leather seating surfaces and rally-sport front seats for an even greater sense of luxury and comfort.
- ❺ Rear headrests are larger for 2011MY to reduce the risk of whiplash in a severe rear collision.
