| Options | Available On |
|---|---|
| SKYACTIV-Drive 6-speed automatic transmission with manual-shift mode and Drive Selection switch | GX/GS |
| SKYACTIV-Drive 6-speed automatic transmission with manual-shift mode, Drive Selection switch and paddle shifters | GT |
| Moonroof | GS |
| i-ACTIVSENSE Package *(requires automatic transmission and moonroof)* | GS |
| Premium Package | GT |
| Technology Package *(requires Premium Package and automatic transmission)* | GT |
| Snowflake White Pearl | All models |
| Soul Red Metallic | All models |
| Machine Grey Metallic | GS/GT |

| | |
|---|---|
| **Moonroof** | Power glass moonroof with interior sunshade, tilt-up ventilation and one-touch open feature |
| **i-ACTIVSENSE Package** | Colour Active Driving Display (ADD), Mazda Radar Cruise Control (MRCC), Smart Brake Support (SBS), Forward Obstruction Warning (FOW), Lane-keep Assist System (LAS), Lane Departure Warning System (LDWS), High Beam Control System (HBC), LED headlights with auto levelling and LED signature lighting, LED rear tail lights, black metallic grille colour |
| **Premium Package** | Leather upholstery, 6-way power driver's seat with manual driver lumbar support, CD player with MP3 capability, Bose® audio system with 9 speakers, voice-activated navigation system, advanced keyless entry, high lustre gunmetal finish alloy wheels (replaces silver), colour Active Driving Display (ADD), Mazda Radar Cruise Control (MRCC), Smart Brake Support (SBS), Forward Obstruction Warning (FOW), Lane-keep Assist System (LAS), Lane Departure Warning System (LDWS), High Beam Control System (HBC), Auto-dimming rearview mirror |
| **Technology Package** | i-ELOOP regenerative braking system, active air shutters, Adaptive Front-lighting System (AFS), SiriusXM™ satellite radio, HomeLink® wireless control system, Traffic Sign Recognition System (TSR) |

## 2018 MAZDA3 SPORT — KEY CHANGES

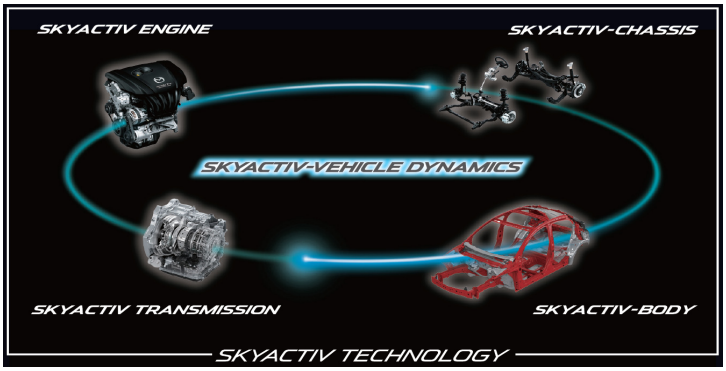
- Smart City Brake Support (SCBS) now standard from entry
- i-ACTIVSENSE Package created (available on GS; see Model Line-up page for additional detail)
- Premium Package 18" alloy wheels are now a gunmetal finish (replaces silver)
- Titanium Flash Mica no longer available
- Eternal Blue Mica availability expanded to GX grade

**G-Vectoring Control (GVC)**

**WHY**

**Progression of the Jinba-Ittai philosophy**

Mazda aims to offer vehicles that provide driving pleasure and enrich the lives of their owners. We have achieved this through the pursuit of Jinba-Ittai, a feeling of unity between driver and vehicle. GVC is the first technology within SKYACTIV-VEHICLE DYNAMICS, and is part of the SKYACTIV series of technologies. SKYACTIV-VEHICLE DYNAMICS was conceived to integrate control of the engine, transmission, chassis and body to enhance the car's Jinba-Ittai feel; a sense of connectedness between car and driver that differentiates Mazda vehicles from others.



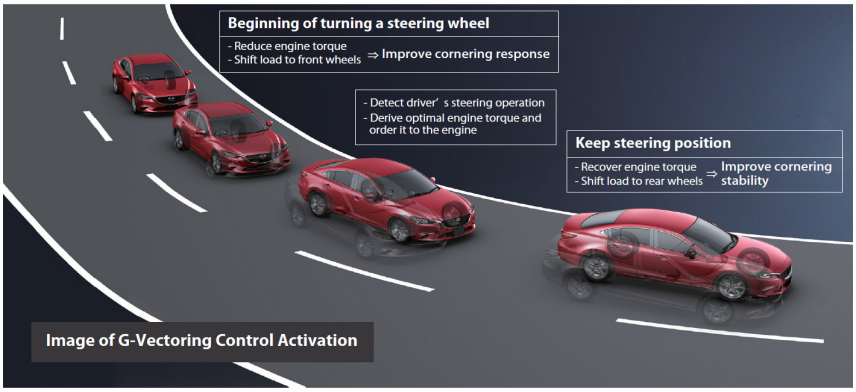
**HOW**

**Enhancing chassis performance using the SKYACTIV engine**

GVC is only possible thanks to the existence of SKYACTIV engines, which enable precise control of drive torque, and the SKYACTIV-CHASSIS, which facilitates ideal vehicle behavior. GVC maximizes tire performance by focusing on the vertical load on the tires. The moment the driver starts to turn the steering wheel, GVC controls engine drive torque to generate a deceleration G-force, thereby shifting load to the front wheels. This increases front-wheel tire grip, enhancing the vehicle's turn-in responsiveness.

Thereafter, when the driver maintains a constant steering angle, GVC immediately recovers engine drive torque, which transfers load to the rear wheels, enhancing vehicle stability.

This series of load transfers extracts much more grip from the front and rear tires, improving vehicle responsiveness and stability according to the driver's intentions.



**A natural control effect based on a human-centered development philosophy**

Mazda studied the biomechanical relationship between the human and a vehicle in operation in order to tune the system to maximize a smooth interaction. The reaction rate and amount of control has been aligned with human sensibilities.

**BENEFITS OF GVC**

**Confidence increases as the car behaves more in line with driver expectations**

The driver operates the steering wheel to keep the vehicle within its lane whether driving in a straight line or cornering. However, due to irregularities and undulations in the road surface, the vehicle does not always travel along the expected line, forcing the driver to make corrections with the steering wheel.

Since GVC provides enhanced response to slight steering wheel operations, it greatly reduces the size and frequency of steering corrections.

Because GVC simultaneously enhances handling and stability by optimizing the vertical load on the tires depending on driving conditions, it demonstrates even greater effectiveness in rain and snow and on poor road surfaces.

GVC is also effective at reducing fatigue for both driver and passenger. Fatigue steadily builds up as the driver continues to make minor steering corrections. Since GVC helps alleviate these corrections, it reduces accumulated fatigue over long distances. And by smoothing the transitions between G forces, GVC suppresses the swaying of head and body experienced by vehicle occupants, enabling them to enjoy a more comfortable drive.

Reduction in torso-sway with GVC

* In-house passenger seat comparison of left-hand turn at 30 km/h
(lateral acceleration of 0.4 G)

Moving forward, Mazda plans to deploy GVC in most of its new-generation vehicles.

**DISCLAIMER**

This colour guide has been added to facilitate the ordering process. Although we have made every effort to match the colour and fabric, we cannot guarantee the images below are an exact equivalent.

## ELECTRICAL SYSTEM

| | |
|---|---|
| **Battery** | 75D23/GR35 (52 AH) (Q-85 with i-ELOOP) |
| **Alternator** | 12V - 100A (12V – 150A with i-ELOOP) |
| **Starter** | 12V - 1.0 Kw (12V – 1.4 Kw with 2.5L engine) |
| **Ignition system** | DLI (Distributor-less ignition) |

## CHASSIS

| | |
|---|---|
| **Front suspension** | Independent, MacPherson Strut type coil spring and stabilizer bar |
| **Rear suspension** | Independent, Multi-link type coil spring and stabilizer bar |
| **Steering** | Rack and Pinion with engine-speed-sensing variable assist |
| **Steering ratio** | 14.1 : 1 |
| **Steering wheel turns** | 2.57 ( lock to lock) |
| **Minimum turning circle** | 10.6 m (curb to curb diameter) |
| **Brakes** | Power-assisted with dual diagonal hydraulic circuits |
| | Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD) |
| | GX, GS: 280 mm ventilated front discs; GT: 295 mm ventilated front discs |
| | 265 mm solid rear discs |

| | |
|---|---|
| **Wheels** | 16” steel wheels with full wheel covers (standard GX) |
| | 16" alloy wheels (standard on GS) |
| | 18" alloy wheels (standard on GT) |
| **Tires** | 205/60R16 (standard on GX and GS) |
| | 215/45R18 (standard on GT) |
| **Spare tire** | T125/70D16 |

| **Curb weight** | **GX/GS** | **GT** |
|---|---|---|
| **6MT** | 1,307 kg | 1,376 kg |
| **6AT** | 1,336 kg | 1,406 kg |

## CAPACITIES

| | |
|---|---|
| **Seating** | 5 |
| **Fuel tank** | 50 L |
| **Washer fluid tank** | 4.5L |

## EXTERNAL DIMENSIONS (MM)

| | |
|---|---|
| **Wheelbase** | 2,700 |
| **Track (fr/rr)** | 1,555 / 1,560 |
| **Overall length** | 4,470 (with license plate holder) |
| **Overall width** | 2,053 (mirror to mirror) |
| **Overall height** | 1,455 |
| **Ground clearance** | 155 (laden; assuming 75kg driver) |

## INTERNAL DIMENSIONS

| | |
|---|---|
| **Headroom (fr/rr)** | 981 mm / 955 mm (without moonroof) |
| | 956 mm / 952 mm (with moonroof) |
| **Legroom (fr/rr)** | 1,073 mm / 909 mm |
| **Hiproom (fr/rr)** | 1,411 mm / 1,360 mm |
| **Shoulder room (fr/rr)** | 1,452 mm / 1,382 mm |
| **Passenger Volume** | 2,730L |

## CARGO VOLUME (L)

| | |
|---|---|
| **Cargo Volume** | 572 (up to rear seat headrest) |
| | 1,334 (with rear seats folded up to driver seat headrest) |

## FUEL ECONOMY RATINGS (L/100KM)
